HOTEL
Stadtfeld

„Magdeburg"

"Magdeburg" is the largest of our conference rooms and depending on your wishes and its function it can be rearranged. According to your individual needs, we provide you with the necessary technology, decoration and furnishings.

The equipment always adapts to the event, whether congress, conference, family celebration, wedding, gala or banquet, not the other way around.
If round or square table set-up, if row seating or block style, there are various possibilities and our flexible team will always be available for your convenience.

Including a dance floor the conference room accommodates up to 150 delegates/guests in total.

„Stadtfeld"

You need space for a celebration?
Whatever the occasion – birthday party, silver wedding anniversary or company celebration – our smaller conference room offers space for up to 30 people.

The table set-up can be individually varied as requested, as well as the buffet. There is enough space for your gifts, a DJ and a dancefloor.

„Elbe"

"Elbe" is the smallest of our conference rooms and perfectly suitable for training courses, presentations, further training and small-scale celebrations.

The very new designed seminar room accomodates up to 12 people. Of course we provide you with the necessary equipment as this room can easily be arranged to your individual requests.
